

Dear Member,

I would like advise of some arrangements in place and provide some material that will be relevant for your decision making if you aspire to export to China - Nectarines only. No other category has been approved by AQSIQ (China) for this forth coming season.

Workshop Dates:

Loxton, SA- 14th June 300pm - approx. 5pm- Loxton Research Station

Swan Hill, Vic 15th June 1245 pm – approx. .4pm Commercial Hotel -Heritage Room

Cobram, Vic 16th June 1245pm – approx. 4pm Italian Club 1 Koonoomoo Rd Cobram

Applethorpe, Qld 14th June 330pm – approx. 530pm - Applethorpe Research Station,
(Stanthorpe)

Aspirants thinking about exporting to China **MUST** attend one of these locations and register their names and contact details and complete the workshop. West Australia will be linked to the Loxton workshop because Loxton has webinar facilities, Northern NSW & Qld growers are offered the opportunity to attend the webinar at Applethorpe.

Who needs to attend:

persons charged with crop monitoring (inclusive 3rd party contractors), orchard managers, packhouse managers, treatment facility managers -any persons who authorise, the nectarines either loose, packed or the consignments, stating that the product is free of the pests and disease that are of concern to China.

Attendees will be handed the IPM program booklet on the day.

DoAWR will be arranging for an overview and a Q&A session will be available.

Please see the preliminary information attached in the link below.
